Discussion topics

Time	Item	Notes	Actionables
15:00	Request permission to record	<ul style="list-style-type: none"> Request granted 	<input checked="" type="checkbox"/> Get meeting recording link from @ Khin Liew
15:02	High Fidelity Prototype	<ul style="list-style-type: none"> Very clear Picture of Dan Andrews is a bit confusing Reviewing the home page Filtering functionality is good Prototype is quite good One requirement for the prototype Layout is quite colourful/adorable Would be very happy if you could complete this by the end of the semester No need for clickable prototype 	<input checked="" type="checkbox"/> Send links of all the items we are demo-ing at the end of the meeting via email (high fidelity, user stories) @ Khin Liew <input checked="" type="checkbox"/> Change the contact pictures so it is less confusing about which profile is for user vs associate @ Jessica Hammer <input checked="" type="checkbox"/> Research into animations for transitions @ Serena Wang @ Jessica Hammer @ Daniel Lin
15:08	Tech choices	<ul style="list-style-type: none"> No opinions Fun note: Same tech stack as his project! 	
15:10	Briefly describe personas	<ul style="list-style-type: none"> Went through persona justification table Very well sorted and detailed Personas might be out of our capabilities - can't ask more from us 	
15:20	Options	<ul style="list-style-type: none"> Bottom blue picked out as favourite 	<input checked="" type="checkbox"/> Bottom blue option chosen @ Jessica Hammer
15:22	Acceptance Criteria		
15:26	Domain Model	<ul style="list-style-type: none"> Property is a good design Yunhao doesn't want to review or comment on that since it's not relevant to the client Making suggestions may interfere with our work Only wants to comment on user stories, requirements, prototype, final product 	<input checked="" type="checkbox"/> Only demo user stories, requirements, prototype, final product @ Khin Liew
15:34	Progress feedback	<ul style="list-style-type: none"> Progress is a little bit slow All the documents are very thoughtful and detailed - but spent too much time on it Next meeting by end of week 8/9 (hopes to see something by then) <ul style="list-style-type: none"> Want to see application successfully deployed Give a link and let him to acceptance test on his own Start coding early 	<input checked="" type="checkbox"/> Aim to get application successfully deployed by end of week 8/9 @all
